

WiCHacks

Women and Gender Minorities Hackathon @RIT

Sponsorship Packet

Dear Potential Sponsor,

Women in Computing at RIT is proud to host the **12th anniversary** of our annual 24-hour in-person hackathon, **WiCHacks**, that will take place at **Rochester Institute of Technology** from **February 28 to March 1, 2026**.

WiCHacks is dedicated to empowering women and gender minorities in tech, offering a supportive space to build apps, games, and more. Since 2014, we've welcomed over 1,850 hackers and celebrated 400+ project submissions, and we're still growing. This year, we expect over **200 talented participants** from RIT and beyond.

We're seeking sponsors to help make this experience as impactful as possible.

Your support will directly:

- Empower future leaders in computing and STEM
- Connect your company with top student talent
- Promote your brand through talks, swag, and mentorship

Ways to get involved include:

- General funding (flexible use)
- Sponsoring meals or snacks
- Providing technical services or hardware
- Sending mentors or recruiters
- Pitching a custom idea—we're open to creativity!

Have questions or want to chat? Reach us at **wichacks@rit.edu**.

Warmly,
The WiCHacks Team

Sponsorship Glossary

- **Company Representatives:** Recruiters, mentors, or generally amazing people stationed at a company table. During the event, company representatives speak to attendees about professional opportunities, the company, and their projects!
- **Crewnecks:** Platinum sponsors will receive 5 free crewnecks, but have the option to purchase more if needed!
- **Judge a Category and Award Prize:** Judge your own category, or one of ours! Sponsors should provide prizes for their own categories, enough for a team of 1-4 people.
- **Sponsor a Meal/Snack:** Platinum Sponsors have the opportunity to sponsor a meal (breakfast, lunch, or dinner) or Midnight Snack for our hackers. Midnight Snack is usually a fun treat, like cookies or bubble tea, to keep the hackers energized!
- **Networking Breakfast:** Held on the morning of the hackathon, the Networking Breakfast is a great way for sponsors to meet the people behind WiCHacks! Mingle with our WiCHacks Directors, volunteers, and WiC Committee Heads!
- **Sponsor Symposium:** Sponsors can host a workshop to teach technical topics, host a fun activity for hackers, or extend the length of your Tech Talk! We aim for symposiums to be mostly informal - so you can create an environment where both you and hackers can form a long-lasting connection.
 - Past Symposium topics:
 - Kazoo Battle Royale
 - Snack Necklaces & Affirmation Wall
- **Workshops:** This is a time for your technical mentors or company representatives to showcase a unique skill or concept! Workshops should be fun and interactive!
 - Past Workshop topics:
 - Intro to Computer Vision: 3D Measurement
 - Figma Demo
 - Transition into Professional Life
